Appeals

A Google form will be available on the school website from 12th August 2021 under Key Information, Exams.

What may happen to your grade during the centre review and appeals process?

If you request a centre review or an awarding organisation appeal there are three possible outcomes:

- Your original grade is lowered, so your final grade will be lower than the original grade you received.
- Your original grade is confirmed, so there is no change to your grade.
- Your original grade is raised, so your final grade will be higher than the original grade you received.

Once a finding has been made you cannot withdraw your request for a centre review or appeal. If your grade has been lowered you will not be able to revert back to the original grade you received on results day.

What will be checked during a centre review?

You can ask the centre to check whether it made a procedural error, an administrative error, or both.

A procedural error means a failure to follow the process set out in the centre policy. An administrative error means an error in recording your grade or submitting your grade to the awarding organisation.

You must request a centre review before you can request an awarding organisation appeal. This is so the awarding organisation is certain that your grade is as the centre intended.

What will be checked during an awarding organisation appeal?

You can ask the awarding organisation to check whether the centre made a procedural error - or whether the awarding organisation itself made an administrative error. You can also ask the awarding organisation to check whether the academic judgement of the centre was unreasonable, either in the selection of evidence or the determination of your grade.

When do I need to submit my request?

You should submit a request for a centre review by 3 September 2021 for appeals.

There will be an opportunity to sit exams in November/December 2021. Closing date for GCSE entries is 4th October 2021. GCSE English Language and Maths results 13.01.22, all other GCSE results 24.02.22.

Please do not hesitate to contact Mr Maunder or Ms Hamilton if you have any queries.
