

KS4 Long Term Curriculum Plan: Drama/Year 10 2021-2023

Curriculum Aim:

In Drama we aim to prepare students for their GCSE exams whilst encouraging students to explore and enjoy different genres and styles of drama, both as audience and as performer, and to develop a strong awareness and evaluative view of the subject. Our students will devise drama and explore texts practically. We aim to give students the skills and knowledge to progress to KS5 and also to develop clear transferable skills: Collaboration with others, analytical and evaluative skills, independent thought and the confidence to pursue their own ideas and reflect and refine their efforts

Link to prior learning: The subject builds on key skills and knowledge learned through drama as a discrete subject in Chace at KS3. Analytical skills learnt through self-evaluation and preparation, use of subject specific vocabulary along with performance skills including scriptwork and devising and an awareness of desired and expected audience expectations.

Rationale of sequencing: We begin the course with a short sequence of exercises designed to socialise a new class and refocus on key practitioners and their processes looking at drama terminology. From here we explore the key set text, 'Blood Brothers' by Willy Russell; we do this both practically, to prepare for later scriptwork performances and also through written work, focusing on the subjective nature of the written work in drama. These are re-introduced throughout the GCSE through spiral learning techniques to fully embed knowledge and understanding. The first devising project prepares students for future practical units whilst also producing assessable performances should students be unable to complete this in Y11. The scriptwork mock exam prepares the student and makes them fully aware of the needs and requirement for the fully realised performance that will be externally examined in Year 11.

Students will also explore and refine the social, cultural and historical contexts and how meaning is interpreted and communicated. An outside evening theatre visit will be arranged, either in Summer 1 or Summer 2, restrictions pending to develop knowledge and understanding of professional theatre and of contemporary theatre. Students will learn how to analyse and evaluate the work of live theatre makers including how the play has been interpreted in the production seen and the skills demonstrated by the performers and how successfully meaning was communicated to the audience by the performers</p>	<p>EOY written exam.</p>

Further Information

Drama at KS4 relies on trust and the ability to co-ordinate and work constructively in a group while taking responsibility for one's own development. A lot is about self-motivation and self-assessment – subjective rather than objective.

All students will be expected to attend extra-curricular work. In Year 10 this is primarily practical, in which the group as whole will arrange times to come back and rehearse and develop their practical pieces.

In the final term of Year 10 there will be after school sessions to help support students with written work.
